SPECIFICATION

Standard Length	50 m
Standard Width	50 mm
Fabric	Cotton
Kind of Coating	SBR / Cork
Colour	Black / Beige
Thickness	1.6 mm ±0.25 mm
Heat Resistance	max. 100 °C
Special Finish	Self-adhesive

NATURAL & DURABLE
MADE OF NATURAL RUBBER AND
CORK WITH REINFORCED FABRIC

IMPROVED PROCESS
PREVENT FILM TELESCOPING
TUNNELING AND SCRATCHING

EASY MAINTENANCE
VERY EASY FOR INSTALLATION
REMOVING AND CLEANING

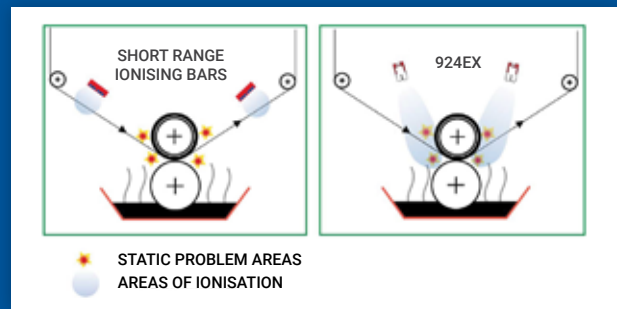

CORK TAPE on ROLLER is a self-adhesive rubber & cork belt for roller covering on the Converting & Printing Machines for Plastic Films, Foil, and Paper Applications.

SUITABLE for Slitting & Winding Machine, Laminating Machine, Bag Making Machine, Label Printing, Rotogravure & Flexographic Printing Machine and more.

HYPERION™

924EX

HAZARDOUS AREA PULSED DC BAR

The 924EX is a compact pulsed DC ionising bar with shockless emitter pins provide powerful electrostatic neutralisation

The 924EX is ATEX approved suitable for hazardous areas and applications such as gravure printing, film extrusion, and coating

VETAPHONE CORONA & PLASMA

XD MINI DRYERS

CONVERTING
Printing & Laminating
